Harve Carnes is mighty thoughtful of the News, furnishing it with game, in order to keep his paper coming. He is a great hunter and secures a superfluity of opossums, coons, rabbits and squirrels, and remembers us in the distribution. Last Saturday an opossum and a rabbit was the menu he furnished.

We omitted last week to mention the advertisement of G. W. Brewer, of Jasper, who offers to deliver your Christmas goods at your door. Recently we were in Mr. Brewer's store, and were surprised at the large and varied stock he carries. Talk about your city store! If there is anything in season he gets it. The delivery feature, no doubt, will be good news to Sequachee purchasers who can order goods delivered to them.

Chas. L. Roberts, of Dunlap, the hustling and genial manager of that important adjunct to the business of the Valley, the firm of Chas. L. Roberts & Co., was here Friday on a business trip. He gave us a pleasant call, paying subscriptions for himself and his mother, who lives at Manchester, Tenn. Mr. Roberts was on his way to the Battle Creek section of this county in the interest of his firm, which is doing a business of \$10,000 a month. The success of this firm is due to Mr. Robert's untiring efforts, and his honest and fair dealings with everyone.

Was Run Down.

The particulars of the death of Floyd Cross, who was killed by a Seaboard Air Line train at Piedmont, Ala., last week, are as follows: Cross, in company with a half dozen or more boys about his own age, was walking on the railroad track near a large knitting mill recently established at Piedmont, and in the noise of its machinery did not hear train No. 33 from Birmingham, approaching in their rear. Cross was struck and killed almost instantly, and his companions had narrow escapes from a like fate. He lived at Vigo with his uncle, John H. Bryant, and was well liked in his community.

Progress at Handle Works.

Work at the Sequachee Handle Works has now advanced to the installation of machines, the lathes being placed in position in center aisle of main building. They are of the most improved pattern. The belt machines will be installed next. Shafting is also being placed in position above them. The boiler has been fitted up and steam was raised Saturday, showing only one leak in a joint. The iron sheeting on new building is being put on by another gang of men.

For a Lame Back.

If you have pains or lameness in the back bathe the parts with Chamberlain's Liniment twice a day, massaging with the palm of the hand for five minutes at each application. Then dampen a piece of flannel slightly with this liniment and bind it on over the seat of pain, and you may be surprised to see how quickly the lameness disappears. For sale by Whitwell Drug Co.
